Executive Director, ACEC of Tennessee

## **Stan King Receives *Presidential Citation* from American Council of Engineering Companies of Tennessee**

Nashville, TN – **Stan King**, PE, PLS, executive vice president of engineering firm Florence & Hutcheson, Nashville, recently received a *Presidential Citation* recognizing his service to the American Council of Engineering Companies of Tennessee (ACEC). The *Presidential Citation* honored King's outstanding leadership of ACEC's Transportation Partnering Committee and his efforts to strengthen the organization's and profession's relationships and communications with the Tennessee Department of Transportation.

Ed Hargraves, PE, immediate past president of ACEC, presented the award to King during the organization's recent statewide annual meeting.

**King** has been associated with Florence & Hutcheson since 1991. He is group leader for the firm's operations in Tennessee and Arkansas. He has more than 18 years of engineering design and management experience, much of it concentrated on transportation and large multi-disciplined projects such as intersection design, highway and bridge design, and traffic control. He holds a B. S. degree in Civil Engineering from Tennessee Technological University. He is a licensed professional engineer in four states and a professional land surveyor in Tennessee and Mississippi. A resident of Murfreesboro, he is a member of the American Society of Civil Engineers (ASCE) and the American Society of Highway Engineers (ASHE).

**About ACEC & TSPE:** Founded in 1968, ACEC of Tennessee is a statewide organization, representing 100 Tennessee engineering firms, with chapters in Nashville, East Tennessee, Southeast Tennessee and Memphis. ACEC is committed to providing leadership on business issues affecting engineering firms and to increasing public awareness of the value of engineering. The Tennessee Society of Professional Engineers (TSPE) is an individual member association in its 60th year.
